Taxes Due Friday

A reminder to local property owners that tomorrow is the deadline for paying delinquent property taxes in Bay St. Louis, has come from City Commissioner Andre Arceneaux.

After that date, Arceneaux said, once the tax sale is held, the property owners are submitted to the tax sale. The property owners will be liable for all extra fees such as advertising, assessments and clerical fees which are assessed against the property.

The city tax rolls will be open for inspection in the city hall from 8 a.m. to 5 p.m. Monday through Friday. Property owners will be advised of the tax assessment and will be given an opportunity to object to the assessment. The property owner must appear in person to object to the assessment. The city tax rolls will be open for inspection in the city hall from 8 a.m. to 5 p.m. Monday through Friday.

Efforts Noted

Appreciation to the citizens of Bay St. Louis for their efforts in cleaning up the city streets is noted by the city commission.

Officials Will Rededicate Elwood Park In Waveland

In a more reflective regional cooperation, the majority of every Mississippi coastal city, going as far east as Pascagoula and Moss Point, have accepted a challenge to Waveland's Mayor, Carlisle.

Waveland's Mayor, Carlisle, is leading a campaign to rededicate Elwood Park in Waveland. The park is one of the largest and most beautiful in the area.

The park is one of the largest and most beautiful in the area. It is a place where people can enjoy the outdoors and the beauty of nature.

Hancock Board Adopts County Unit System

Hancock County supervisors Monday passed a resolution by Charles Russ, adopting a county unit system which provides for a full-time registered civil engineer to supervise the construction and maintenance of all roads and bridges in the county; central pooling, maintenance and controlled dispatching of all county equipment.

The system, as described in the official order, would consist of the following: central pooling and warehouse; the employment of a full-time registered civil engineer to supervise the construction and maintenance of all roads and bridges in the county; central pooling, maintenance and controlled dispatching of all county equipment.

The civil engineer will be employed with the title of County Administrator with a suggested total annual salary of \$18,000, payable monthly beginning from the date of employment.

County Administrator's duties will include complete charge of all construction and maintenance of roads and bridges, with the authority to hire and fire necessary personnel. He shall operate the county road department and assign personnel to such jobs as he sees fit, recommending to the board of supervisors salaries to be paid such personnel.

The County Administrator will also recommend an appropriate location for the establishment of a central pool for all county equipment, as well as the central purchasing and warehouse facility. He will be directly responsible for all purchases for the county, and none can be made without his authorization.

A final stipulation of the order calls for the execution of a \$100,000 bond by the administrator before entering the position, conditioned to the faithful performance of his duties, and he shall be civilly liable on his bond for any damages caused by his neglect of duties or a competency.

The resolution was passed by a vote of 4-1. A dissenting vote was cast by Supervisor Charles Russ.

High School Courses Offered At Southern

A wide variety of courses are offered by the University of Southern Mississippi for high school students who want to complete some of their academic requirements through correspondence study.

High school students may receive credit for courses in the areas of business, English, home economics, languages, mathematics, sciences, and social studies.

Since 1946, students have been able to complete some of their high school requirements through correspondence study at USM.

According to correspondence director Gene Timmon, the department provides opportunity for further study to those students for whom it is inconvenient to attend a high school.

It also broadens the high school curriculum and provides courses meeting specific college entrance requirements.

Supervised high school correspondence work is not designed to replace the curriculum of the local high school, Timmon said, but to supplement it.

The work of the student is supervised by his high school principal or by a supervisor appointed by this individual.

Students who desire to enroll in correspondence courses may take up to two units, which, for example, is the equivalent of two full years of English, or four half units of work.

"The correspondence department does not grant diplomas or issue credit. Credit is issued through an accredited high school," Timmon said.

credited high school," Timmon said.

Any student taking a correspondence course for the purpose of completing high school credits, or wishing his credit added to his high school records must have the written approval of the superintendent or principal of his school.

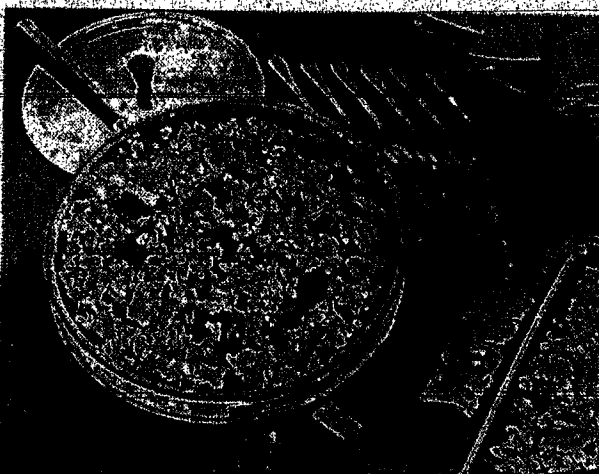

The superintendent or principal agrees to accept the correspondence credit when he signs the student's correspondence application. Upon completion of a course, a grade report is sent to the principal of the school, who in turn adds the credit to the student's high school record.

Correspondence study has

several obvious advantages to the high school student. Students can set their own pace. For instance, one year is allowed for the completion of a half unit of work.

Instructors for the courses are especially selected and highly qualified members of the local high school faculties or the USM faculty. Low costs for the student for the courses enable the University to offer a large number of subject areas.

Complete information and brochures may be obtained on the USM correspondence program by writing Department of High School Correspondence, Southern Station Box 56, Hattiesburg, Miss. 39401.

Beef and eggplant casserole inspired by Toulouse-Lautrec, the great French artist, provides the opportunity for entertaining with the Lautrec flair and humor.

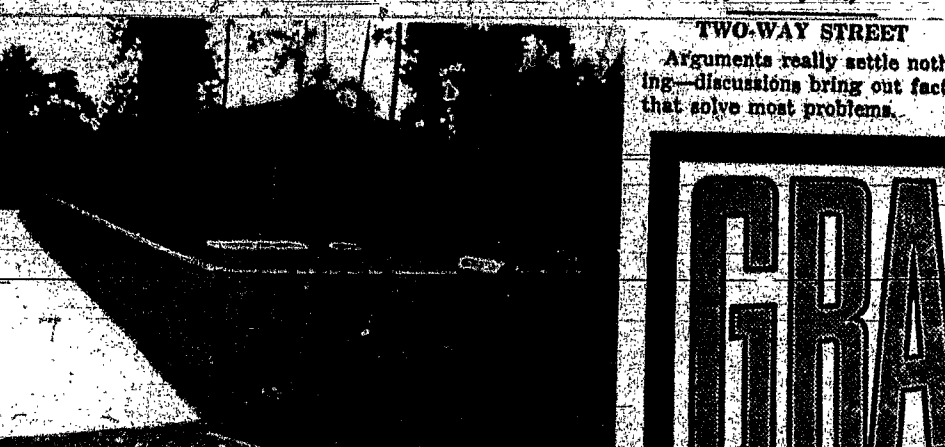

Toulouse-Lautrec, the great French artist, can be the inspiration for a new and exciting way to entertain friends or family. It isn't common knowledge, but Toulouse-Lautrec collected recipes from across the European continent and prepared his favorite dishes with the same fervor, creativity, and humor that he applied to his paintings.

"Around him, dishes and ideas proliferated. Whether it was in Brussels, London, or Paris, succulent and simple dinners were improvised in honor of the guests, the chosen of both sexes," explained Maurice Joyant, his childhood friend and a Paris art gallery director.

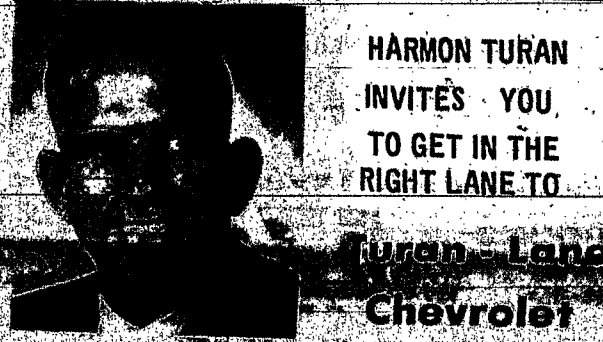

Typical of the Lautrec flair were his eggplant casseroles. In a gratin dish, highly dotted with butter, he'd arrange alternate layers of eggplant, minced pork, meat and eggplant. Before serving, he'd pour a tomato sauce puree over it.

For a time, many great chefs used the frozen eggplant and beef casserole similar to the Lautrec recipe and made by Mrs. Paul's Kitchen, of Philadelphia.

Dear Sir:

As a frequent visitor to a
manufacture representative to
your area I noted the location
of a catfish processing plant to
locate in my area. I strongly
urge those who recommended
this action visit a similar plant
in my area, with regard to pol-
lution both air and water. With-
out strict enforcement on both
of these counts you have nothing

Resolution To Adopt County Unit System

ORDER ADOPTING A COUNTY UNIT SYSTEM FOR THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI

There came on for consideration before the Board the matter of
adopting a County Unit System for the Board of Supervisors of Hancock
County, Mississippi, and the Board having carefully considered the
matter and being fully advised in the premises, the following resolution
was adopted by the Board:

IT IS ORDERED that a County Unit System is hereby adopted
for the Board of Supervisors of Hancock County, Mississippi, to consist
of the following:

1. Central Purchasing and Warehousing.
2. The employment of a full time registered Civil Engineer
to supervise the construction and maintenance of all
roads and bridges in the county.
3. Central Pooling, maintenance and controlled dispatching
of all County Equipment.

IT IS FURTHER ORDERED that in order to implement the above
system, that a full time registered Civil Engineer be employed with
the title of County Administrator with the duties, powers and authority
hereinafter set forth, and engineer to act as County Engineer pursuant
to and under the provisions of Section 8353-8356 Recompiled Mississippi
Code Ann. (1942) as amended, with an annual salary of \$4,200.00 per
year with additional duties of County Road Commissioner pursuant to
the provisions of Section 8346 Recompiled Mississippi Code Ann. (1942)
as amended with an annual salary of \$4200.00 per year as provided under
the aforementioned law with additional compensation to be provided him
in the amount of \$9,600.00 per year or \$800.00 per month, said com-
pensation to be paid him as the Central Purchasing Agent and for manag-
ing and supervising the Hancock County State Aid Road Program under

the Division of State Aid Road Construction of the State of Mississippi,
making a total monthly salary for all duties and responsibilities here-
under in the amount of \$13,800.00 per month or \$165,600.00 per annum,
payable monthly beginning from the date of employment as hereinafter
provided.

IT IS FURTHER ORDERED that such County Administrator
shall have all of the powers and duties under the provisions of Sections
8346, Sections 8353-8356 Recompiled Mississippi Code Ann. (1942) as
amended, and to supervise the purchase of all county assets under the
provisions of Section 8007 Recompiled Mississippi Code Ann. (1942)
as amended and related statutes and to follow the procedures for such
purchases in the manner prescribed by law.

IT IS FURTHER ORDERED that such County Administrator shall
be completely in charge of all construction, maintenance of roads and
bridges in the county and that he shall have authority to hire and fire
necessary personnel and to properly and efficiently operate the road
department of Hancock County and to assign personnel to do such work
as he shall determine and to make recommendations to the Board of
Supervisors for the salary to be paid such personnel.

IT IS FURTHER ORDERED that an appropriate location be
established upon the recommendation of such County Administrator for
the central pooling, maintenance and controlled dispatching of all county
equipment and the central purchasing and warehousing of all county
purchases and that same be under his direct supervision and respon-
sibility, and that no purchases of any kind, by the county, shall be made
unless authorized by such County Administrator.

IT IS FURTHER ORDERED that such County Administrator,
before entering upon his duties, shall execute a bond in the sum of
\$100,000.00 payable to the State of Mississippi, conditioned to the

faithful performance of his duties as herein provided and he shall be
personally liable on said bond for any damages caused by his neglect of
duties or his incompetency.

IT IS FURTHER ORDERED that the Clerk of this Court is
hereby authorized, empowered and directed to advertise for applications
for such position and that applications be filed with this Board on the
standard form used by the State of Mississippi Employment Services.
Such applications to be received by this Board no later than September
15, 1971, and this Board to immediately review such applications
thereafter and interview selected applicants with the position to be
filled effective October 1, 1971.

ELWOOD PARK

(CONTINUED FROM PAGE 1A)

last year in loans and grants and nearly 300 homes have been brought up to code standards. Along the coast, more than 2,000 homes have been repaired and the work continues.

Elwood Memorial Park itself has been rebuilt with a grant through one of the arms of HUD, but also under the supervision of WaveLand Operation.

The park was originally built some 15 years ago by WaveLand when the land was secured by lease from the Louisville and Nashville Railroad.

In the beginning it had no name. Then, it was decided to name it Elwood Memorial Park in memory of Elwood Bourgeois, the first WaveLand victim in World War II.

The facilities were completely destroyed by Camille. Despite this, Mrs. Zelma Hall, Director of Recreation in WaveLand, managed somehow to salvage the American flag and this flag will again be raised in next week's dedication.

Since rebuilding Elwood Memorial Park was a consequence of Camille and since construction will be virtually complete by August 17, the second anniversary of Camille, the Board of Aldermen set that date aside as a civic holiday and then urged the entire Mississippi Gulf Coast to cooperate in the program.

In explaining the views about the holiday, Mayor Williams said, "It is not our intent to have this a day of celebration. Nor do we wish to memorialize the horrors and personal tragedies so many coastal residents endured. We do, however, want to pay tribute to the courage of the coastal residents who endured and under Camille and stayed on to begin the task of rebuilding. We also want to give eternal thanks to the mammoth help we received from all parts of this great nation - from the federal government - from the military - from which states, from cities, from the Salvation Army, from churches, civic organizations, and hundreds of individuals."

"I am, of course, very grateful to all my fellow mayors along the Mississippi Gulf Coast who have advised me that they will come to WaveLand on August 17th and assist us in our dedication program. The park will still carry the name of Elwood, but this time we will also remember the victims of Camille."

Since this will be a dedication and memorial service, the flag will be raised by the WaveLand Boy Scouts while the Keesler Air Force Band plays the National Anthem. The WaveLand American Legion Post 77 will act as the color guard. The service will be concluded with the lowering of the flag and the blowing of taps.

Interest builds. The installment plan may have its faults, but it is one thing that people should practice as they go along the way.

SUPERVISOR, BEAT 4
HANCOCK COUNTY

Russell J. Elliott

Your Full-Time,
County-Wide Supervisor

SEEKS
RE-ELECTION

THANK YOU

First, for the opportunity to have served you during the past three and a half years and your expression of satisfaction of my performance in office by placing me in the second primary.

Second, to all the many people who supported and voted for me a special thank you. To those voters who had reasons to support other candidates I ask you now to please rally behind me so that I may be successful in being elected in the second primary.

Thirdly, to all those many people who contributed so generously to my advertising such as the big sign on the highway, my cards and circulars and the large newspaper advertisements without which I could not have gotten my message to the people. Without these donations I would not have been able to afford the publicity.

Fourthly, my appreciation to the other gentlemen who sought the position of Supervisor of Beat 5 and who ran a very clean and dignified campaign.

I ask you now to consider that you will have basically a new board and so that there will be no setbacks or delay in the progress of our county that you elect me to carry on with the programs already started.

I do know the sources of finances for these and other state and federal programs. It has been proven I have a "know how" for securing these federal and state programs for Hancock County and with this knowledge I will be able to assist the new people you elect and keep the progress of Hancock County moving forward.

To the voters, I again solicit your support and request that you help to make Hancock County a better place for tomorrow by taking an active part today.

THANK YOU SO MUCH AND PLEASE CONTINUE TO

Treat Attends FFA Institute

Mike Treat, North Central Hancock County FFA member, has just returned from Colorado State University, Ft. Collins, Colo., where he and his FFA advisor, D.J. Martin, attended the annual summer institute of the American Institute of Cooperation, the national educational organization for farmer cooperatives.

The trip to Ft. Collins was awarded to Mike and his advisor for being named state winner in the Farmer Cooperative contest, sponsored by the Mississippi Council of Farmer Cooperatives.

Earlier, Mike was presented a watch awarded to the district winners in the contest.

Mike is the son of Mr. and Mrs. Elmo Treat, Route 3, Piquette.

While at the institute in Colorado, Mike attended seminars and workshops on agriculture, and the role agriculture plays in the American economy.

Peanut Butter Cookies Pack a Wallop

There's more than one reason for making a batch of peanut butter cookies. A big first is that nearly everyone — and especially kids — like them. But just as important, and often more so to mothers concerned about the good health of their children, is the fact that peanut butter cookies pack a wallop in nutritional goodness. Peanut butter ranks as one of the most nutritious foods that Americans eat. It is rich in needed protein, a good source of polyunsaturates, as well as B vitamins, especially niacin.

In the Skippy peanut butter recipe here, oats and nuts add to the protein value.

Peanut Butter Oatmeal Refrigerator Cookies
 1/2 cup margarine
 1/2 cup peanut butter
 1/2 cup sugar
 1 egg, beaten
 1/2 teaspoon vanilla
 1 cup quick oats
 1 cup sifted flour
 1/2 cup chopped nuts

Mix margarine, peanut butter and sugar. Mix in eggs and vanilla, then oats, flour and nuts. Shape into roll about 2 inches thick. Wrap in waxed paper, chill about 1 hour or until firm. Cut in 1/8-inch slices with sharp knife. Place on ungreased baking sheet. Bake in 350°F (moderate oven) 8 to 10 minutes or until edges are lightly browned. Remove immediately from baking sheet and cook on wire rack. Makes about 3 dozen cookies.

MIKE TREAT, North Central Hancock County FFA member, was named winner of the annual Farmer Cooperative contest, sponsored by the Mississippi Council of Farmer Cooperatives. Mike is being congratulated by James Palmer, manager of the Hancock County Federal Land Bank, a member of the Mississippi Council. In addition to the wristwatch, Mike and his advisor, D. J. Martin, were awarded a trip to the Summer Institute of the American Institute of Cooperation at Colorado State University, Ft. Collins, Colo.

Washing Problem With Clothes Buyer

Before you buy a garment consider the cost of keeping it clean, advises Miss Marguerite Davis, Extension clothing specialist at Mississippi State University.

For example, some fashionably colored leather garments are hard to clean. The dye used to produce the color may come out partially or completely in the drycleaning process and have to be re-dyed and finished to shade before the garment can be returned to the customer. This adds considerably to the upkeep costs of the garment.

"Garments of fabrics that are ordinarily washable may have trims that are not washable. The corduroy and leather combination in sportswear is an example of this. Again, this makes for more cost in the upkeep of the garment," Miss Davis said.

Combinations of fabrics that do not require the same washing care is another point to look for when you buy. "A rough and tumble cotton combined with a fragile lace edge can result in extra costs. Or perhaps a garment is made with a washable fabric on the outside, but lined with one that is not washable. Problems

could also result if the outer fabric is a permanent press that needs no ironing, but the lining or interfacing wrinkles badly with each wash."

"With these facts in mind be more selective when you buy clothes for your family. You may cut some of your work and costs by doing so," she concluded.

FAIR RIDES

Charles Staehle, general chairman of the O.L.G. fair, announced, in addition to various booths, games, etc. there will be five different carnival rides for children. Rides will be from 4 to 11 p.m. on the days of the fair and from 6 to 11 p.m. Friday, the day before the fair begins.

There will also be "Kiddie Korral" offering baby-sitting services for tots and children up to six years old with Mrs. Edgar Spratley and Mrs. David Poranich in charge. Activities for these children are planned.

Men have to put up with a good deal in life—they also have to put up for a good deal more.

Enjoy Sequoyah Country, But Please Don't Handle The Fish

Large rainbow trout swim within reach of pretty visitor.

SEQUOYAH COUNTRY, Alabama — Beside a clear mountain stream in this picturesque North Alabama area a sign reads "Please do not handle the fish."

And they're not kidding. Vis-

"Totem pole" markers in Sequoyah Country, left, resemble huge "totem pole" formation in caverns.

itors could easily grab one of the huge rainbow trout that swim up to the bank for food. And tame mallard ducks, swimming on the same stream, will eat out of your hand.

Such is the charm of Sequoyah Country, a largely unpublicized year-around family vacation area that includes Sequoyah Looking Glass Caverns, where pools of water reflect natural formations to give the illusion of great depth.

In pastures nearby American Bison (the buffalo on a buffalo nickel) graze, along with rare white deer. A campground has been carved out of a scenic mountainside and a nature trail built by area Boy Scouts leads to a high overlook.

Named for the Indian chief who invented the Cherokee alphabet, Sequoyah Country is marked for visitors by colorful "totem pole" identification signs directing the way from Interstate 59 about 35 miles south of Chattanooga, Tenn.

Complete information on Sequoyah Country may be obtained by writing P. O. Box 173, Chattanooga, Tennessee.

Soil Tests Needed For High Forage

High forage yields cannot be made on acid soils, says J. W. McKee, Extension agronomist at the Eggleston Extension and Research Center.

For high levels of production and high beef stocking rates, the pH of the soil should be between 6.0 and 6.5. A soil test is the only sure way to determine the lime and fertilizer needs of the soil.

The investment required

for winter grazing is too great to allow the lack of an adequate liming program to limit your forage production," the agronomist said.

There is still time to have soil tested to find out fertilizer and lime needs for this year.

"When you send a sample to the soil testing laboratory, make sure that it is a representative sample of the fields and that it is a complete sample. The results of the soil test can be no better than the sample you send in," Mr. McKee said.

"On the information sheet to the soils laboratory indicate whether or not you want high production recommendations."

Now is also the time to develop solid plans on the number and type of calves to graze and where they will be secured.

"Before you go too far, your banker had better be included in the plans as this program has high financial requirements per acre," he added.

ORTIE ILL

Ed Ortie, president of the Hancock County School Board, has been confined to his home because of illness for the past month. Ortie revealed that he had received a number of phone calls from citizens asking why he did not vote in the first primary. "I did not vote because I couldn't leave my house," said Ortie, "but I would like to make it clear at this time that I have no plans to run for any office in the general election as many people have thought."

MR. AND MRS. Mikel Watkins were married recently in the home of the groom's parents, Mr. and Mrs. W. L. Watkins of Waveland. The double ring ceremony was performed by Rev. Davies. A reception was held following the ceremony in the groom's home. Mrs. Watkins, the former Delera Justica is the daughter of Mr. Hut Justica and Mrs. Betty Justica.

PEANUT PANCAKES

- 1 1/2 cups milk
- 1 egg
- 3 tablespoons Planters Peanut Oil
- 1 1/4 cups unbleached flour
- 2 tablespoons sugar
- 2 teaspoons baking powder
- 1/4 teaspoon salt
- 1 1/4 cups whole kernel corn
- 1/4 cup chopped Planters Cocktail Peanuts

In a large bowl, blend together milk, egg, and Planters Peanut Oil. Add flour, sugar, baking powder and salt; beat with rotary beater until smooth. Stir in corn and Planters Cocktail Peanuts. For each pancake, pour about 3 tablespoons batter onto hot greased griddle and brown on both sides, turning once. Makes about 20 pancakes.

Take time to learn life saving techniques, suggests Liberty Mutual Insurance Company. Life insurance companies are taught in water safety by such organizations as the Red Cross, Boys Clubs and YMCA's. A few minutes a week could be worth a life-time.

What's wrong? You're making more money than you ever have. But every time you plan on putting money into your savings, you end up withdrawing some.

Maybe you're buying too many little things you don't really need. Little here, little there. After a while it adds up.

You know, that's just the theory behind the Payroll Savings Plan. You sign up where you work, and they set a little aside from each paycheck and use it to buy U.S. Savings Bonds. You don't really miss the money that way, and before you know it, you've got a nice egg that's really worth something.

And now there's a bonus interest rate on all U.S. Savings Bonds—

for E. Bonds, 3 1/2% when held to maturity of 5 years, 10 months (the first year). That's more than possible as a bonus at maturity. Apply to all Bonds issued since June 1, 1970, with a comparable improvement for all older Bonds. The Payroll Savings Plan, a great way to save a little here, a little there and end up with a bankroll.

Bonds are safe. If lost, stolen, or damaged, or replaced when they mature, they will be replaced at your bank. The first \$100 in each replacement, and always thereafter, is placed only in one.

Boogie Dean Says ... THANK YOU

TO THE VOTERS OF HANCOCK COUNTY FOR A WONDERFUL RESPONSE AND TO THE CANDIDATES FOR CONDUCTING A CLEAN CAMPAIGN INVOLVING ONLY THE ISSUES. WE HOPE THAT THE CAMPAIGN WILL CONTINUE TO BE CONDUCTED ON THE SAME BASIS OF DISCUSSING THE ISSUES ONLY.

I SINCERELY SOLICIT THE SUPPORT OF THE CANDIDATES AND THEIR VOTERS WHO ARE NOT IN THE SECOND PRIMARY.

Mystery of Lincoln's Death Probed

Scene from the TV documentary, "They Killed President Lincoln," to be shown on NBC-TV February 12.

One hundred five years after the event, mystery and confusion still surround the assassination of President Abraham Lincoln. Was this tragic murder the result of one man, or was it a conspiracy?

On Lincoln's birthday, February 12, a television special of exceptional authenticity will re-examine the events that history has still "disputed."

The documentary "They Killed President Lincoln" will be shown on NBC-TV at 7:30 p.m. EST (6:30 CST). Sponsored by The Quaker Oats Company, it was produced by Wolper Productions, Inc.

Using modern documentary techniques, the special recreates what new cameras might have recorded had they existed a century ago. Elwood Bessert is narrator and Civil War historian Bruce Catton served as historical consultant.

The entire program was filmed on location in and around Washington, D.C. Re-created action and eyewitness interviews with special film treatment for vintage documentary effect, are combined with photographs from the era to give history a sense of immediacy.

Several scenes were filmed at the White House, at General Grant's field headquarters, at Ford's Theatre where the assassination took place, and at a farm where John Wilkes Booth was hiding out.

Total of cash on hand one year ago, June 30, 1970, was \$550,520.76.

Other figures submitted by the Mayor's office show a cash total of \$899,970 in the City's fund accounts at the close of business June 30, 1971.

Current operating funds accounted for only \$48,06 of the

total balance, or less than 10% of the cash on hand.

Special purpose, or non-operating funds, accounted for \$507,211.60, or 62.82% of the total cash on hand.

Bond and interest sinking funds with total cash of \$174,171.98 accounted for 21.60% of the total.

Construction or funds designated for specific projects, indicated balances of \$34,465.19 or 4.26% of the amount on hand.

Utilities fund accounts totaled \$34,939.89, or 4.35% of the cash on hand.

Last year, all John Benson saved was \$54.32.

This year, he joined the Payroll Savings Plan.

Poor John. Money just seemed to slip right through his fingers. Every time he planned to stash something away, there wasn't anything left.

Then John decided to join the Payroll Savings Plan where he works. Now, as much as he specifies is automatically set aside from his check before he gets it. And invested in U.S. Savings Bonds.

Because John has become such a systematic saver, he's almost forgotten about it. When he gets around to remembering, he's going to have quite a nest egg laid away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2% payable

as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

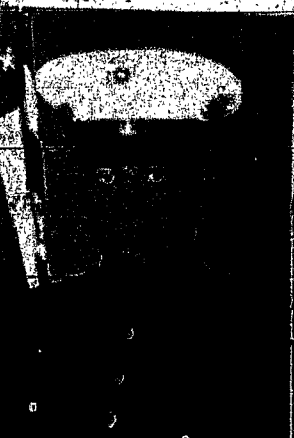

If you keep forgetting to save something out of your check, join the Payroll Savings Plan and let somebody else do the remembering for you.

Bonds are sold in \$25 and \$50 denominations. They mature, keep up the cash value, and are redeemable at face value. They may be redeemed at any time. Bonds are a great way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.

The U.S. Government and the U.S. Savings Bonds are the only way to save for the future.

THANK YOU

TO

EVERYONE

IN HANCOCK COUNTY

My family and I have been very fortunate to have Jerry L. Ladner as our Supervisor. He has been a wonderful leader and has done a great job of representing the people of Hancock County. We all thank him for his hard work and dedication.

To those of you who chose another candidate in this race, I sincerely ask for your VOTE, SUPPORT and CONFIDENCE during this most important second primary.

When elected as your supervisor, you will have a truly dedicated and interested official, who can and will give you a NEW and FRESH approach to our county government.

A MESSAGE FROM HIS MOTHER AND FATHER:

We want to thank you for having faith in our son Jerry, and for once again making us so proud to be his mother and father.

It is truly a heartwarming feeling to raise a boy from childhood and to see him accepted by so many of his friends. This certainly has to be one of the greatest rewards that every mother and father can enjoy and understand.

We know that Jerry has been taught to have faith in the Lord and to always be concerned with the welfare of his fellow man. Jerry has always made us proud as our son, and we know that he will always make you proud as your supervisor.

Theatre Members Rehearse Comedy

Under rehearsal at the Little Theatre these midsummer nights is Neil Simon's 1969 comedy, "Plaza Suite," scheduled for presentation on September 9 - 10 - 11 at the Playhouse on Boardman Avenue. Released for amateur production only four months ago, the play's first performance on the Gulf Coast will be at the Bay St. Louis Little Theatre. Later in the year, it will be presented in Gulfport and Sildell.

Directed by Burt Barrett, the theatre's chairman of production and ofline award-winning director, the play is produced and technically directed by Fred Wagner and Mrs. Douglas Koger.

"Plaza Suite" will be an innovation for theatre-goers in that the comedy consists of a succession of three one-act plays, all taking place in the same suite of rooms at New York's Plaza Hotel. Its Broadway director, Mike Nichols,

chose to use the same actors and actresses for the two key roles in all three plays, and George C. Scott and Maureen Stapleton made stage history by their performances. Mr. Barrett has decided on the same procedure, choosing Douglas Koger and Mrs. Fred Wagner for these exciting and very demanding parts. A supporting role in one act is to be played by Mrs. Robert Strub, and minor parts by L.A. Onstad, L.A. Wagner, and Brother Aquin of St. Stanislaus.

In the meantime, parents of young children are reminded that the summertime Children's Theatre will present "The Princess Who Could Not Dance" on August 13 at 7:30 and on August 14 at a 2:30 matinee performance. Children up to age thirteen will be admitted, but adults are requested not to attend these performances. The play is produced and directed by Sharon McKenna, herself one of the local theatre's most talented young actresses. Tickets may be obtained in advance for thirty cents at De Montluzin Drug Store, and the admission price at the door will be forty cents. "The Princess Who Could Not Dance" will be a special treat for children, providing them a glimpse of the magic of the world of make-believe and onstage acting.

Student

Returns

From Program

A Bay St. Louis high school senior, Pam Fletcher, is a member of the University of Southern Mississippi, is enthusiastic about the "Springboard" program under which she is enrolled.

Pam Fletcher, 17, expects to return to Hancock North Central in September with a greater desire to learn. "I think my summer at USM has stressed the importance of study."

The daughter of Mr. and Mrs. Luther L. Fletcher, Jr., Pam is a friendly well-adjusted student. "Being at USM is, in itself, an unusual experience. Everything is new and different. I like living in a dormitory and having all my friends over for a great big slumber party," Pam enthuses.

Springboard students are those who have finished their junior but not their senior high school year, who are outstanding academically, and who receive recommendations from their schools.

They attend during the Summer and earn college credit. This is applied wherever they ultimately attend, whether at Southern or elsewhere.

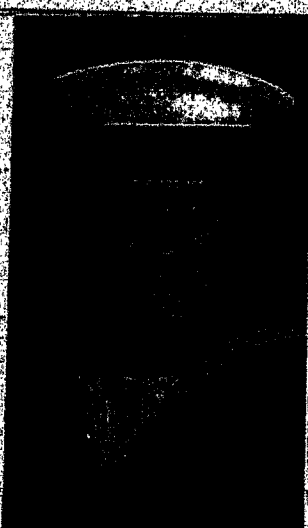

In high school Pam is a three-year Beta Club student, member of the band for a like period, and holds French Club membership. She also served as secretary and treasurer for the sophomore class.

"The Springboard program is really a great thing. I would recommend it highly to anyone planning to continue his education after secondary school," Pam continues, adding "I like the program as is!" Springboard concludes Aug. 13. Admissions Director Gene Saucier reports.

Miss Marie Kuhner
Weds Basil Kennedy

Claiming much attention Thursday was the marriage of Miss Marie Louise Kuhner, daughter of Mr. and Mrs. Leinhard Theodore Kuhner, to Mr. Basil Thompson Kennedy, son of Mr. and Mrs. Gerald Stephen Kennedy of Waveland, Miss. The Rev. Richard D. Toye, S.J., officiated at the 5:30 o'clock late afternoon ceremony performed at the Church of the Most Holy Name of Jesus in New Orleans. Arrangements of mixed white flowers adorned the altar for the occasion. The bride entered the church with her father who gave her in marriage. Her empire-style gown of ivory hued de-lustred

sat in accented with a bertha collar of heirloom Rose Point lace. A narrow bias band of the satin defined the high waistline from which extended the slightly flared skirt which ended in a long train. The gown was fastened in the back with tiny self-covered buttons and bows. Her long veil of heirloom Rose Point lace was worn over ivory illusion. The bride carried a bouquet of gardenias, lilies of the valley, and stephanotis. The bride's honor attendants were Miss Morrell Munson Trimble and Mrs. Harry Edward Kuhner, II, and the bridesmaids were Misses Laurie Schloegel, Lesley Creel, Katherine Schwab, cousin of the bride, Antoinette Stewart, and Sylvia Penn. They wore floor length gowns of silk organza floral printed in white, green, and pale yellow. The jewel neckline was bound in yellow and yellow and gold ribbon bands accented the high waistline and long puffed sleeves. Their bouquets combined yellow sweetheart roses, daisies, baby's breath, and ivy. Mr. Kennedy served his son as best man and the groomsmen were Messrs. Gerald S. Kennedy, III, brother of the bridegroom; James Gilly, John Blanks, Donald Dinon, Richard Mostayer, and Henry W. Kinney, III. Serving as ushers were Messrs. Harry E. Kuhner, II, brother of the bride; Michael Q. Walsh, Thomas P. Thompson, III, cousin of the bridegroom; Norman Lamb, and Capt. Milton L. McKellan, USAF.

Following the ceremony, Mr. and Mrs. Kuhner entertained at a reception at a Garden District Center. A profusion of white seasonal flowers adorned the reception room. Mrs. Kuhner selected for her daughter's wedding a pale yellow chiffon gown made with long fitted sleeves and full skirt. A band of minute embroidered yellow flowers accented the high neckline and waistline. She was assisted in receiving by Mrs. Kennedy, mother of the bridegroom, who wore a long puffed green linen gown made with short sleeves and gently flared skirt, and fastened down the front with self-covered buttons. They each wore a corsage bouquet of phalaenopsis orchids. Later in the evening the young couple left on a wedding trip after which they will reside in New Orleans. For traveling the bride wore a pomegranate color linen sleeveless dress and coat trimmed with bands of purple and Kellygreen and matching green accessories.

I Donn Murray would like to take this opportunity to thank my friends for the vote and support you gave me in my race for Justice of the Peace.

Even though I lost I feel I'm a little bit richer. I met a lot of new friends and got reacquainted with some old ones.

I've been asked by some — who I plan to support in the 2nd Primary. I felt before the first Primary that our Justice of the Peace needed to be a man of good reputation, well educated. A man that will be beneficial to you, our youth, and our Community. A man that is well liked and has the confidence of our young people.

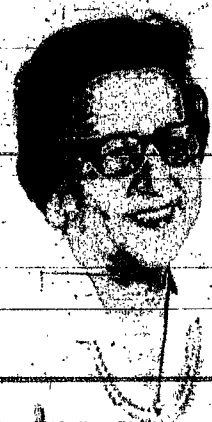

John Gonzales Is That Man

I'd like to ask my friends to look over John Gonzales' Qualifications and If you feel as I do cast your vote for John Gonzales in the 2nd Primary on Aug. 24th.

EXPERIENCE ESSENTIAL
QUALIFICATION FOR CHANCERY
CLERK POST

It is on occasions like this that words fail me. I cannot find the sufficient terms to say thank you. Thank you for the vote of confidence that you gave me in the First Primary last week. In my own way I can only say that I deeply appreciate it. To the people who worked faithfully in my behalf to give me this large vote I will forever be grateful to you. I sincerely hope that you will place me on top of the ticket on August 24th, and with my long experience and seniority as Chancery Clerk, I am positive that I can repay your confidence in me a hundred fold as I have in the past.

The important duties and responsibilities placed upon the Chancery Clerk by the laws of Mississippi require intensive training and experience.

The Chancery Clerk is required by law to file, index and record all land, oil, gas and mineral deeds, deeds of trust, maps and plats, and is made custodian of all Chancery Court records and files.

The Chancery Clerk is charged by law with attendance upon all the meetings of the Board of Supervisors, the keeping of its minutes, the giving of all notice, and the recording of all orders, and the issuance of all warrants allowed by the Board.

The Chancery Clerk is the Auditor and Treasurer of the County, and is charged by law with the accurate keeping of all the accounts and funds of the County.

Because of the duties and responsibilities put upon the Chancery Clerk by law as recorder of all instruments affecting your real estate, as keeper of the records of tax sales, in acting as Clerk of the Chancery Court, in performing the duties of County Auditor of Supervisors, and in serving as Clerk of the Chancery Clerk of the Chancery Court, with broad duties, powers and judicial functions, it will be apparent that a Chancery Clerk should be a person of the highest integrity, the greatest care and skill, with the widest experience in the duties of the office, and with a judicial mind and temperament, so that all of the responsibilities of this office, which come so close to the lives of all the people of the county, shall be performed diligently, promptly and well.

The Chancery Clerk's office is one where EXPERIENCE in the PERFORMANCE of one's duties required by law is AN ESSENTIAL AND NECESSARY QUALIFICATION.

I respectfully submit to the electors of Hancock County, that in the performance of my duties as CHANCERY CLERK, I have endeavored to make you a competent, faithful and diligent official, and if you believe that I have, I ask you to cast your vote on August 24th for CHANCERY CLERK FOR.....

A POWERLESS PUBLIC OPINION

Every citizen in America is a part of the public opinion force which shapes the direction of our course as a nation. That's why we can say, without challenge, that the credit for the "good" actions and the blame for the "bad" actions taken by our public servants at all levels of government resides with the people generally. The only fault in the wonderful, "democratic" mechanism through which our Republic operates is that too many citizens are not vocal or active in the force of public opinion; thus most of the time an active minority rules.

There are approximately 125 million people who ought to be voting in all elections in America on the personalities and issues of government, and actively fulfilling the civic duties of a free people. Not half of them vote. Not a tenth of them are active in governmental affairs. Not one in every one-hundred adult citizens writes to or visits with his representatives in Government. "Let George do it," most people say.

Sin Of Omission

Most of the time the "public opinion" that comes out of such an apathetic commonwealth of people is a minority opinion. It is only during an uprising of the whole citizenry, usually at a time of acute danger, or looming disaster, that a true public opinion is stirred up and expressed with

by activists, self-interest pressure groups, and a small smattering of the general public.

In Washington last week we talked to a number of Senators and Congressmen, plus some of the top individuals on the staffs of Congressional committees (where the hardest work in legislating is done), and people in the White House who are engaged in preparing for President Nixon the research, analyses and formal advisories which guide his decisions on this nation's great problems. We sought-out these important people because of our fear for the future of our country. We wanted some answers about decision-making.

"What Can We Do?"

We wanted to ask them (and did). "What can be done by the John Doe citizens of America about: (1) the continuing inflation, (2) the breakdown of law and order, (3) the widespread degradation of traditional moral principles, (4) the deterioration of internal security, and (5) the deterioration of our nation's military might in relationship to that of World Communism."

Powerful "liberal" shapers of America's destiny (those in Washington) seem to be worrying very little about inflation. Although there is considerable "liberal" hand-wringing about "unemployment," the "liberal" viewpoint on economics is that government deficit spending, constantly rising wages (regardless of productivity levels), and a "little" inflation all are necessary ingredients to keep a modern society (our society) soaring forward through "any old headwind" that comes along trying to retard progress.

"Move Public Opinion"

The people we interviewed, who do not accept this "liberal" viewpoint and are terribly worried about the future of America, told me that an informed public opinion, frightened about its

MR. AND MRS. DONALD LEE

Ceremony Unites Miss Favre, Mr. Lee

Miss Beverly Joyce Favre, bride of Donald Ray Lee, Saturday, August 7, in an afternoon double-ring ceremony in Our Lady of the Gulf Catholic Church.

The bride is the daughter of Mr. and Mrs. Alvin J. Favre of Bay St. Louis. The bridegroom is the son of Mr. and Mrs. Ira B. Lee of Piquette, Miss.

The altar was adorned with bouquets and baskets of yellow and white gladioli and white daisies.

Mrs. John McKenna, organist, played the traditional wedding marches.

Escorted to the altar by her father, the bride wore a lace gown over satin, embroidered with rhinestones. Her veil of illusion was attached to a tiara of pearls and she carried a bouquet of yellow roses and white daisies.

Miss Elizabeth Ann Favre, sister of the bride, was maid of honor.

Bridesmaids were Miss Suzanne Favre, sister of the bride, Miss Cynthia Favre and Miss Tina Schuengel, cousins of the bride.

They wore identical floor-length yellow silk crepe gowns trimmed with white daisies. Their headpieces were fashioned of yellow tulle trimmed with daisies and they carried bouquets of yellow and white daisies.

Miss Penny Boudin, lower girl, wore a dress identical to the bridesmaids' and carried a basket of white daisies.

Eric Favre, cousin of the bride, served as ring bearer. Larry Lee, cousin of the bride, was the best man. Groomsmen were Milton Favre, Jr., cousin of the bride, Benjie Pierce and Jerry Frierson, Piquette, Miss.

Milton Favre, Sr., uncle of the bride, and Alan Favre, a cousin, were ushers.

Following the wedding ceremony, a reception was held at the home of Mr. and Mrs. James Favre, uncle and aunt of the bride, on Blue Meadow Road. Arrangements of white and yellow daisies decorated the reception rooms.

The bride's table, overlaid with a linen cutwork cloth, was centered with a four-tiered cake trimmed with yellow roses. The top tier, surrounded by champagne bubbles adorned with ribbon and yellow roses, held the traditional bride and groom. Fern and daisies encircled the bottom tier.

The mother of the bride received the guests wearing an aqua crepe dress with matching accessories and a white carnation corsage. The mother of the groom chose a gold tulle gown with matching accessories and a corsage of white carnations.

Miss Sheila Favre presided at the guest register.

Upon their return from a honeymoon the couple will make their home in Piquette.

Out of town guests were Mrs. Harold Dragon, New Orleans; Mrs. Edith Armstrong, Sibley, La.; Mrs. Lena Taylor, Mrs. Larry Lee and children, Mrs. Nancy Lee and family, Mrs. Virgil Skipper and children, Mrs. Samuel Whitfield and family, all of Piquette; Mrs. Edna Davis and family, Mrs. Margaret Danell, Anslay, Miss Patty Green, Lakeshire, and Sgt. and Mrs. Emmett Ladner, Jr. of Long Beach, Miss.

Late birthday wishes go to Miss Debra Ann Johnston, bride-elect of Frank A. Minchew, Jr., was honored with a surprise miscellaneous bridal shower last Tuesday hosted by Mrs. John Favre, Jr., and Miss Donna Delacroix at the Favre home. A pink and white color scheme was used in the decorations.

Gifts were presented from a wishing well. The honoree and mothers, Mrs. Loretta Johnston and Mrs. Minchew, Sr., were each given a carnation corsage.

Miss Johnston was also honored recently with a miscellaneous shower with Miss Rhonda Wilkerson and Miss Mary Ellen Minchew as hostesses at the Minchew home. A yellow and white color scheme was used in decorating.

Miss Johnston and Mr. Minchew will be married August 14 at Our Lady of the Gulf Church.

Thank You

Words cannot adequately express my deep and heartfelt appreciation for the strong vote of confidence you gave me for Lieutenant Governor on August 3. For all of you who worked so hard and faithfully in my behalf, in every section of the state, I want you to know that my family and I will never forget your dedication, loyalty and support. And to those who voted for my two opponents in this race, I earnestly solicit your interest, enthusiasm and prayers in working together in the challenging job of building a greater Mississippi for all of our people. Again, my warmest thanks and appreciation.

There will be a benefit gumbo dinner and shooting match on Sunday, August 22nd for Mrs. Woodrow (White) Maufrey. Mrs. Maufrey recently underwent major surgery in New Orleans, but she hopes to

return home sometime this week, and will be confined to bed for several weeks. The gumbo dinner will begin at 12 noon in the Annunciation School Cafeteria, and the shooting match will begin at 2 p.m. on the school grounds in Kiln. Everyone is asked to help this worthy cause.

On Sunday, August 1st, Nal Cameron of Kiln was honored on the occasion of his eightieth birthday with a family dinner and birthday party afterwards in the home of his daughter and son-in-law, Mr. and Mrs. Jerry Mitchell. Those helping celebrate the occasion were his sons, Mr. and Mrs. Hayward Cameron of Gulfport, Mr. and Mrs. Emmett Cameron and daughter Beth of Jackson, his sister Mrs. Dan Ladner of Forest Hill, La., and also Mr. and Mrs. Harold Favre, his sister, of Bay St. Louis, and his sisters Mrs. Rita Nease and Mrs. Izella Glass, both of Kiln. Also attending were his brother Mr. and Mrs. Jesse Cameron of New Orleans. Numerous nieces and nephews, cousins and friends, dropped

in during the afternoon. Birthday greetings to to Miss Beverly Wyatt on August 7th who was 10 years old.

TO THE VOTERS OF HANCOCK COUNTY

I WISH TO EXPRESS MY THANKS TO ALL OF YOU WHO VOTED FOR ME IN THE FIRST PRIMARY, AUGUST 3, 1971.

MRS. LESTER GREEN

Couple Wed In New Orleans

St. Francis Xavier Church in Metairie, Louisiana, was the setting for the recent marriage of Miss Darlene Mary Serpas and Mr. Lester Jerome Green, son of Mrs. Annie Mae Green and the late Mr. Green, of Lakeside, Mississippi.

The bride is the daughter of Mr. and Mrs. Armand Henry Serpas, Sr., of New Orleans, Louisiana, and Bayview Park.

Monsignor Henry G. Bazzani officiated at the double ring ceremony.

The bride was given in marriage by her father. She wore a gown of white silk organza made along empire lines. The entire edge of the train and the bodice and cuffs were trimmed in black lace. The dress was beaded with black beads, crystals and tear-drop crystals and had bishop style sleeves. Her bouquet consisted of white sweetheart roses, stephanotis, carnations and baby's breath.

Mrs. Charles Raymond Bourgeois, sister of the bride, was the matron of honor. Miss Mildred of honor, Miss Tina Marie Serpas as the flower girl.

The bridesmaids wore floor-length gowns of white dotted with a pink flowered print. They featured an empire waistline, gathered skirt and a stand up collar. The sleeves were long and gathered to buttoned cuffs.

Mr. Charles Raymond Bourgeois of Waveland, Miss., served as the best man. The other

groomsmen were Mr. Denis P. Bergeron, Little Armand H. Serpas, Jr., was the ring bearer. The ushers were Messrs. Louis Morgan and Vernon Serpas.

Immediately following the ceremony a reception was held at the Magnolia Room. The bride's table was covered with a white satin cloth and fitted with a net skirt, and was centered with a four-tier cake trimmed in pale pink. Spun sugar bells trimmed the cake with a bride and groom beneath an arch of white and pink flowers.

The bride's mother chose for the occasion a formal, light pink gown made along empire lines and belted at the top. The groom's mother chose a formal, blue brocade dress, made along empire lines, with a gathered skirt.

For their wedding trip to Long Beach, the bride wore an A-line sleeveless dress made of yellow double knit belted in the back. Black accessories completed the outfit. A corsage of yellow sweetheart roses completed her accessories.

The couple will make their home in Waveland. Out-of-town guests included Mr. and Mrs. Charles Bourgeois, Mrs.

Sound confusing? It isn't, really. When you join the Payroll Savings Plan where you work, an amount you designate will be set aside automatically from each paycheck. That's the "minus."

That amount will then be invested in U.S. Savings Bonds. That's where the "plus" comes in. Because you're automatically saving for your future, without the inconvenience there are in U.S. Savings Bonds.

And, by deducting a little at a time from each paycheck, you don't feel the pinch—immediately. Before you know it, you'll have quite a tidy sum tucked away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for F Bonds, 5½%, when held to maturity of 5 years, 10 months (4½% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970, with a comparable improvement for all older Bonds.

Put a little "plus" in your future. Join the Payroll Savings Plan.

How a minus on your paycheck can be a plus in your future.

MR. AND MRS. JACK RAY GORDY

Vows Exchanged At Millsaps College

The Millsaps College Chapel was the setting for the marriage of Miss Frances Ruth Moran and Jack Ray Gordy at 2 P.M. on Sunday, July 18. Dr. T.W. Lewis, chairman of the Religion Department at Millsaps College performed the double ring ceremony. Miss Frances Fletcher of Clinton was organist.

The bride is the daughter of Mr. and Mrs. Carl J. Moran, Sr., of the Kiba. The groom is the son of Mr. and Mrs. Jack L. Gordy of Laurel.

Given in marriage by her father, the bride wore a gown of silk organza over peau de soie accented with alencon lace and seed pearls. The gown was fashioned in an A-line empire design with a detachable chapel train. Her elbow length veil of bridal illusion was held in

place by a cluster of silk illusion petals embellished with pearls and crystals. She carried a bouquet of summer flowers.

Miss Barbara Moran, sister of the bride was maid of honor. She wore a floor length gown of pink print voile. She carried a round bouquet of summer flowers.

Serving the groom as best man was his father Jack L. Gordy. Ushers were Warren and Lowell Moran, brother of the bride.

A reception was held at the home of the bride and groom at 848 Madison Street. Serving were Miss Edna Moran, sister of the bride, Mrs. Lowell Moran and Mrs. Carolyn Moran, Jr., sisters-in-law of the bride. Assisting the bride and groom in receiving their guests were their parents. The mother of the groom wore mint green with white accessories. The mother of the bride wore a blue dress with bone accessories.

Scallops to You!

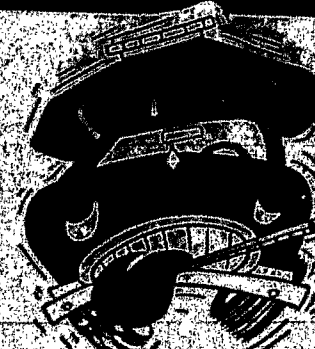

The word "scallop" has different meanings all related to the succulent bivalve by that name. The edging called a "scallop" reproduces the outer edge of the scallop shell and, in cooking, "scallop" consists of baking in a scallop shell (or casserole) in a sauce topped with crumbs.

Scallop Casserole

- | | |
|---|-------------------------------|
| 1 pint (1 pound) fresh or frozen sea scallops | 1/4 cup dried pimiento |
| 1/4 cup margarine | 1/4 teaspoon salt |
| 3 tablespoons corn starch | Dash paprika |
| 2 1/2 cups milk | 1/2 cup fine dry bread crumbs |
| 1/2 cup sliced celery | 2 tablespoons margarine |

Wash and halve the sea scallops (or defrost frozen scallops). Melt 1/4 cup margarine in a saucepan. With a spoon, blend in corn starch. Remove from heat. Gradually stir in milk, mixing until smooth. Cook over medium heat, stirring constantly, until sauce thickens and comes to boil. Boil 1 minute. Mix in scallops, celery, pimiento, salt and paprika. Pour into shallow 2-tablespoon margarine and spoon over scallops around edge of casserole. Bake in a 350 degree F. (moderate) oven about 30 minutes. Garnish with lemon. Makes 3 to 4 servings.

Tip-Top Toes For Summer

Summer fashions this year dictate that you liberate your toes. This means much of your leisure time will be spent in the strappiest of sandals or going barefoot on the beach.

But before you step into any fun activities, be sure you're putting your best foot forward. In summer, a pedicure is just as important as a manicure. Foot care specialists recommend a pedicure at least every ten days, and suggest you give yourself a half hour to do the job.

First step in having tip-top toes for summer is to soak your feet in warm soapy water. There are powdered foot soaps especially made to clean effectively. One internationally known beauty salon in New York goes somewhat further to ready your feet for the pedicure. To a preparation of soapy water,

the operator adds a splash of Sea Breeze, an antiseptic for

the skin, and cleansing peroxide.

After you've soaked your feet awhile, scrub them with a soft nailbrush. Then trim the nails with clippers, cutting straight across, never into corners. Smooth nail edges with an emery board. Rough spots and calluses should be rubbed gently with a pumice stone, and follow that up with a cream or lotion massage.

Next, push back the nail cuticle with an orange stick tipped with cotton and an oil-based remover. There's also a gel that will dissolve cuticles. Now, scrub and gently but thoroughly dry your nails.

If you use nail polish, make sure to apply it carefully, placing folded cotton squares between your toes.

In between summer pedicures, you can help keep your feet smooth and free of rough spots in the shower or bath. While bathing, massage the soles of your feet with a

pumice stone and your heels with a brush. Afterward, rub your feet vigorously, especially the soles, with lotion.

As summer temperatures increase, take extra care to keep your feet cool. Feet tend to swell more during hot weather, and one of the best ways to help this condition is to prop them up as often as possible.

Your feet also perspire more at this time of year. To wipe away perspiration and deodorize your feet simultaneously, try an application of Sea Breeze skin antiseptic. This product contains soothing oils of clove and skin cooling peppermint, eucalyptus and camphor.

Summertime is also the best time to exercise your feet to keep them flexible and strong. And what easier way to exercise than walking on the beach. Walking in soft, but resistant sand uses all of your toes, all parts of your feet and leg muscles.

Get a head start on summer now. Start off with a pedicure today. Don't forget the shower and bath tips suggested to give you prettier and healthier feet. And don't forget the foot exercises.

You'll wind up with tip-top toes all summer.

WORLD'S LARGEST EGG FARM

Headquartered at Edwards, Mississippi, Adams Egg Farms, Inc., is the world's

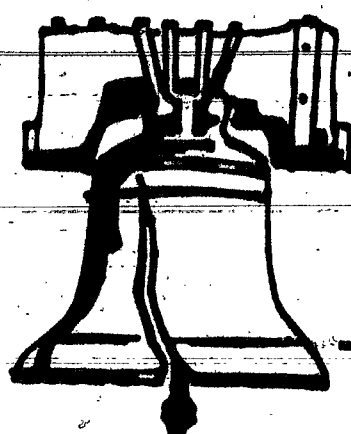

largest egg farm. The farm has the phenomenal production of 700,000 eggs per day or approximately 258 million eggs annually. Fred Adams, Jr., the 38-year-old president of the corporation, began the enterprise in 1957. The farm now includes 134 laying houses; 25 brooder houses; 28 brooder houses; feed mill, hatchery, and egg-grading and packing plant, all on 1085 acres of land. Released by the Mississippi Economic Council.

I WOULD LIKE TO TAKE THIS OPPORTUNITY TO THANK ALL THE PEOPLE FOR THEIR VOTE AND SUPPORT. YOU WILL HAVE OUR EVERLASTING GRATITUDE.

"The nation behaves well if it treats the natural resources as assets which it must turn over to the next generation increased, and not impaired in value."

Theodore Roosevelt

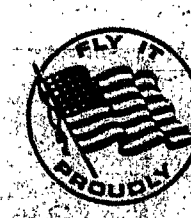

THEODORE ROOSEVELT
Public Papers Vol. V, P. 61

Some sixty odd years ago, Theodore Roosevelt, the 26th president of the United States was probably the first to recognize the importance of conservation in our environment.

One of his crusades involved the conservation of our natural resources. He told congress that "the forests and water problems are perhaps the most vital internal problems of the United States."

To discourage waste, Roosevelt set aside almost 150,000,000 acres of government timber land as national forest reserve. The national conservation conference which was called by Roosevelt in 1908 publicized the conservation movement and gave it prestige.

Today, conservation in our environment is one of our most vital domestic issues. What foresight! Teddy Roosevelt could be called "the Father of Conservation."

SAYS
THANK YOU
TO ALL THE PEOPLE OF BEAT 5

We (My Wife, three children and I) sincerely appreciate the confidence you have placed in me. Especially do I thank those who worked in my behalf.

To those of you who voted for the other candidates in this race, I earnestly solicit your vote, support and confidence in the second primary.

I am running entirely as an individual with no political or business ties. When elected I promise full cooperation to all other elected officials as well as every citizen. At all times I will be fair and impartial in all matters.

I invite you, the people, to join with me in the next primary; I will be deeply grateful for your help.

Again I say
Thank You
(P.O. Box, Adv.) **Willie (Bill) Carbonette**

MICHAEL P. LARROUX for CONSTABLE BEAT THREE

To my friends in beat 3:
I have two reasons for addressing you today.

First, I extend my heartfelt thanks for the support proffered me in the first primary.

Second, I wish to quash an unfounded rumor which has been circulating to the effect that I am conducting my campaign in jest.

This is a Base Canard!

The office of constable is a prime cog in the machinery of county government; and I have always approached it with the seriousness it deserves.

TRUTH - JUSTICE - BEAUTY -

SPORTSMAN OF THE WEEK—Young Pete Garcia is a real sport, fishes, hunts, crabs, and even plays pool. Learned things the hard way, he says.

Plenty rain for the past week. Most every day, there were scattered showers, which only last a short time, and do not affect fishing too much, especially bass and perch. They hit better after a rain as they feed on bugs which are washed off bushes and trees overhanging the water. Bass hit anything that moves. The reason it is best to use a surface bait with plenty action.

Speckles are still being caught on live shrimp and live minnows at different places. It is a question to find out where they are. There are some along the Railroad Bridge, at the mouth of Pearl River, and at Little Lake as well as down Heron Bay way.

Speaking about speckles, Jimmy Strick and Henry Fapp have done it again. Caught a mess of big speckles out along the Railroad Bridge last Thursday. They were using live shrimp at their favorite fishing spot. They are experts when it comes to this kind of fishing.

Another old timer who gets his fish with a cast net is Eddie Forayda. He catches speckles, flounders and other salt water fish off the Highway Bridge. Knows how to throw a cast net.

Fred Letson of Phoenix, New York, was the guest of John Seaford, Sr., last week. They did all right with bass and perch. Fred does mostly casting.

Donald H. Ray, Jr., assistant manager of Main St. Enco Service Station, bobbys fishing and swimming. Does all right at both sports.

Tommy Ladner does mostly hunting. Won't be long now Tommy, until you take to the woods. Test duck and dove seasons open in September.

Monroe James and his wife Theresa are from Clarendon Harbor. They fish and go home-dering. Naomi Margolito is one of their fishing buddies.

Was a pleasure meeting Bernard Diliberto, Sr., of New Orleans and the Bay. Bernard is the father of Buddy Diliberto, Sports Director of Channel 5 in New Orleans. Buddy is an all-around sportsman.

Nell and Eddie Bourgeois do most of their crabbing with Alton Stiefel. They catch both soft and hard crabs. Claim Alton is the biggest liar in Hancock County when it comes to fishing. No kidding, he catches his share of red fish.

Bank Kruser is back in town. He is with A.C. Carver at the Swinging Door Lounge. Bank said it's swell to be back among friends. He used to be at the Show Boat, which went with Camille.

PAID BY HANCOCK COUNTY COMMITTEE FOR CHARLES L. SULLIVAN

MY SINCERE THANKS TO THE VOTERS OF HANCOCK COUNTY.

From the bottom of our hearts, my wife and I thank all who voted for me in the first primary. Now I URGE you to redouble your efforts to elect me in the second primary. I not only invite, but urge those who supported a candidate who was eliminated, to now compare my record and qualifications for superintendent of education. I feel confident that you will "join hands with me" and assure our overwhelming victory on Aug. 24th.

Sincerely,
K. G. McCarty

I AM HUMBL Y GRATEFUL TO THE VOTERS OF MY DISTRICT

When I finally turned off the lights the night of the First Primary, I looked back at the voters and said to myself, "Here I am, I remember working my way through school and college and struggling to make an honest dollar. But good when I thought of my family and the help of our many friends."

I prayed and I thanked God for all my days but especially for "That Day". I have thanked God... and now I thank you.

I WANT TO BE A GOOD DISTRICT ATTORNEY AND I PRAY FOR YOUR HELP AGAIN...

How Do You Like

Your City Hall

Bay St. Louis citizens - how do you feel about your City Hall? Do you like its appearance as it now stands, with traditional natural brick and white trim, or would you like a "new look" for the 65-year-old structure?

This is the question now being put before residents of the city by the Commission Council. Further renovations to City Hall by Operation Upturn will involve painting the exterior as well as changing the upstairs porch flooring. At this point, the city fathers felt that the citizens of Bay St. Louis should have the deciding vote on any changes to the graceful old landmark.

Those with a feeling of pride and an interest in the building may either fill out the short form below and bring or mail it to City Hall, or Mayor Carver advises that phone calls to the Hall will be accepted and recorded.

I PREFER THAT CITY HALL . . .

BIRTHDAY CELEBRATED

Shannon Marie Starita celebrated her first birthday with a party Sunday afternoon at the home of her parents, Mr. and Mrs. Bennie Starita.

A doll cake decorated in pink and green centered the refreshment table and the green and pink color scheme was carried out in the decorations.

Games were played and prizes won by Shane LeBlanc and Kim Lacoste. Guests were her maternal grandparents Mr. and Mrs. Herman Lott, paternal grandparents Mr. and Mrs. Skeet Starita, Mr. and Mrs. William LeBlanc, great-grandmothers Mrs. Margaret Nease and Mrs. Evelyn Lott, grandfather Jesse Bennett, Misses Lucille Bourgeois, Misses Donna and Tina Lott, Cathy Starita, Mrs. Michael Starita, Keith, Randy and Mike Starita, Billy, Romie, Shane and Cheryl LeBlanc, Cheryl, Lonnie and Craig Deschamps, Karen and Diane Lacoste, Paul and Stacy Hinkanean, Angel Borne, and Bobby and Judy Hudson.

LOBSTER DINNER

The Bay-Waveland Yacht Club will serve their gulfed lobster dinner to members and guests from 6:30-9:00 p.m. Friday, August 13.

Reservations must be made by noon Friday by calling 467-4592.

The Board of Governors meeting is that night also at 6:30 p.m.

KINDERGARTEN OPENING

The Kindergarten and First Kindergarten Schools of the First Presbyterian Church of Bay St. Louis will begin on Monday, August 30, at 8:30 A.M. These schools are limited in enrollment but a few more students can be accommodated.

On Monday, August 23, 10 A.M., there will be a kindergarten teacher-parent conference. Also, registration fees will be due and at that time an opportunity for additional enrollment will be provided from 9-11 A.M.

On Sunday, August 22, at 11 A.M., the Rev. Dwyne Mungen, Jr., the minister of the Northside Presbyterian Church of Columbus, Ga., will occupy the pulpit of the church.

Local Student To Graduate From M.S.C.W.

Candidates for 125 bachelor's and master's degrees will receive their diplomas at summer commencement ceremonies at Mississippi State College for Women on Sunday, August 15.

Among MSCW graduation candidates is Lillian Marie Travira, daughter of Mr. and Mrs. James N. Travira of Bay St. Louis. Miss Travira is a candidate for a Bachelor of Arts degree in social work.

Flying Scot Races Held

Flying Scot races at Bay-Waveland Yacht Club were sailed last weekend through extreme light and heavy winds, hot sun and cold driving rains with the following results:

A-Class won by Bobby Eagan followed by Mimi Eagan and Woody Santa Cruz. Junior Class, Hunter Daniels winner, followed by Gigi Staehle and Brad Crull.

A-Class won by Sally Stiefel, Elizabeth Chapman, Phil Williams, DNF. Expert Class, Jack Gordon winner, followed by Harry Chapman, Don Chamberlain, Ray Stiefel.

Expert Class won by Harry Chapman followed by Jack Gordon, Ann Stiefel and Bill Merlin.

A-Class won by Cindy Stiefel followed by Anne Chapman, Buzzy Heausler, Woody Santa Cruz.

In 1802 the Mississippi Territorial Legislature chartered Jefferson Military College, the first school to be established in the Old Southwest. The school was located in the town of Washington, Mississippi, which was the second territorial and first state capital. Jefferson Military College is still operating as a prep school. Released by the Mississippi Economic Council.

How a minus on your paycheck can be a plus in your future.

Sound confounding? It isn't really. When you join the Payroll Savings Plan where you work, an amount you designate will be set aside automatically from each paycheck. That's the "minus."

That amount will then be invested in U.S. Savings Bonds. That's where the "plus" comes in. Because you're automatically saving for your future.

Put a little "plus" in your future. Join the Payroll Savings Plan.

And, by deducting a little at a time from each paycheck, you don't feel the pinch financially. Before you know it, you'll have quite a tidy sum tucked away.

And, not there's a bonus interest rate on all U.S. Savings Bonds - for E Bonds, 5 1/2% when held to maturity.

of 5 years, 10 months (4% the first year). That extra 1/2% payable as a bonus at maturity applies to all Bonds issued since June 1, 1970, with a comparable improvement for all older Bonds.

Put a little "plus" in your future. Join the Payroll Savings Plan.

Bonds are sold in \$100 units, or multiples thereof. When bought, they are subject to a 3% sales charge. Bonds are redeemable at any time, but there is a penalty for early redemption.

TO THE VOTERS OF HANCOCK COUNTY:

FIRST LET ME THANK ALL OF YOU WHO SUPPORTED ME IN THE FIRST PRIMARY. IT IS VERY HEART-WARMING TO KNOW THAT I HAD SUCH A NUMBER OF SUPPORTERS. SECONDLY, I WOULD LIKE TO TAKE THIS OPPORTUNITY TO THANK ALL OF YOU WHO WROTE SO HARD WITH ME AND TO ASK FOR THEIR CONTINUED SUPPORT IN THE UPCOMING SECOND PRIMARY.

NEXT, I ASK THOSE OF YOU WHO VOTED FOR CANDIDATES WHO ARE NO LONGER IN THE RACE TO EARNESTLY LOOK OVER MYSELF AND MY OPPONENT AND TO CONSIDER ALL THINGS AND SINCERELY HOPE THAT YOU WILL FIND ME WORTHY OF YOUR VOTE.

TO THOSE OF YOU WHO SUPPORTED MY OPPONENT, I ASK YOU TO RECONSIDER AND SUPPORT ME AS YOUR NEXT SHERIFF.

I PLEDGE THAT I AM AN INDEPENDENT CANDIDATE WITH NO POLITICAL TIES. THAT I WILL ALWAYS BE IMPARTIAL AND FAIR IN ALL JUDGMENTS. THAT AT NO TIME WILL ANYONE RUN MY OFFICE BUT ME. THE DEPUTIES AND OFFICE I RUN, WILL BE ONE ALL OF HANCOCK COUNTY WILL BE PROUD OF.

TOM SUMRALL'S TRUE RECORD

The Deception:

IN TOM SUMRALL'S ENTIRE LAW CAREER HE HAS HANDLED ONLY 45 CRIMINAL CASES AND HE LOST 40 OF THOSE. HE WAS HIRED BY ONLY ONE CLIENT AND WAS APPOINTED BY THE COURT IN THE REMAINDER.

OUT OF 45 CASES, 40 OF SUMRALL'S CLIENTS LOST. TWO RECEIVED LIFE SENTENCES AND THE OTHER 38 WERE GIVEN 77 YEARS IN THE STATE PEN. HE HAS WON ONLY 2 CASES BY JURY VERDICTS AND THE COURT GAVE 3 DIRECT VERDICTS. (ONE OF THE MEN WHO RECEIVED A DIRECT VERDICT PLEADED GUILTY TO ANOTHER CHARGE AND RECEIVED THE MAXIMUM SENTENCE.)

AD APPEARING IN DAILY
HERALD ON BEHALF OF
TOM SUMRALL'S OPPONENT.

The Truth:

Apparently in the first primary many may have cast their vote based on the deceptive ad to your left.

IN TOM SUMRALL'S ENTIRE CAREER, HE HAS ONLY LOST TWO CRIMINAL CASES! Tom Sumrall represented ten defendants who entered pleas of "not guilty". These were cases in which the burden was cast on the District Attorney's Office to prove their guilt. THEY DID SO IN ONLY TWO CASES!

In the remainder of the cases handled by Tom Sumrall, the defendants entered guilty pleas freely and voluntarily, because they were in fact guilty.

Most of these cases were Court appointed cases in which Tom Sumrall acted as a Court appointed attorney at nominal compensation as a duty imposed on him by law. He did not select them, but rather took them as they were, and no lawyer can make the guilty not guilty and should not attempt to do so.

The facts stated above are a matter of public record on file in the office of the Circuit Clerk of Harrison County.

A VOTE FOR SUMRALL WILL REPRESENT
A VOTE FOR A MAN WHO WILL NOT
DECEIVE YOU AND MISLEAD YOU,
BUT WHO WILL STICK TO THE FACTS.

Island Flavor For TV Special

Host Oral Roberts welcomes Special Guest Don Ho to his Hawaii Special scheduled to be aired nationally in early September. Also appearing on the show will be Hawaiian personalities The Surfers and Lani Custino. "Oral Roberts In Hawaii" is the first show of the new season in the quarterly series.

The top names in authentic Hawaiian entertainment, Don Ho, the Surfers, and Lani Custino, are scheduled to appear on Oral Roberts' Special to be taped on location in the tourist capital of the world - Honolulu.

As an added attraction, Oral Roberts has included a bit of government, represented by Governors David Hall, Oklahoma, and John Burns, Hawaii.

Probably no single individual has gained more recognition for his home state than Don Ho. In just eight short years Ho has risen from obscurity to become one of the top names in the entertainment field. Just recently he signed a nine-year, unprecedented contract with Cinema Hotels, guaranteeing him \$13.5 million.

Colling's Corner

By E.S. Colling-

City-County Library Writer

Mr. Joseph Roddie, the Kiln of Kiln, has spent most of his ninety-one years in Mississippi and has enjoyed every one of them. He was boss of the big sawmill at Kiln during the long period of its operation and developed a great pride in its accomplishments. Some time ago he drew up this quiz:

- has the only petrified forest east of the Mississippi River?
- is the home of the world's largest stern-wheel towboat?
- has the world's longest and largest man-made beach?
- has the world's largest egg farm?
- was the first in the nation to have a planned system of junior colleges?
- has more churches in proportion to the population than any other state?
- contains the school of medicine where the first reported heart transplant took place?
- has the largest hydraulic model basin in the world?
- is the home of the first co-educational college in the nation to grant degrees to women?
- was the first state in the Union to provide its Governor

- with a mansion?
 - is the leading tung oil producing state in the nation?
 - was second in cotton production, fifth in rice production, and eighth in soybean production in the country?
 - had two Miss Americas in a row, has had two others as First Runners-up, and has had a Miss of Cotton?
 - is the birthplace of the Eastern Star, Parent-Teachers Association, and the 4H Club movement?
 - is number one tree farm state and has the nation's oldest tree farm?
 - is the home of the first nuclear submarine built in the South, and the largest off-shore drilling rig?
 - has as the state tree and flower the Magnolia?
 - had its first settlement in 1699, was organized as a territory in 1708, and was admitted as a state in 1817?
- The answers, Mr. Roddie proudly asserts, are MISSISSIPPI.
- There are some other points, not mentioned by Mr. Roddie, which combine to make the state notable. One is the Natchez Trace, one of the most

it's the Surfers' own kind of music.

And what could be more appropriate than the traditional Hawaiian interpretation especially if performed by the "most beautiful hands in Hawaii" - those of Lani Custino.

Oral Roberts in Hawaii kicks off a new season for the quarterly series. The show is scheduled to be aired in early September in most parts of the country with a few areas getting an early jump with late-August showings.

In addition to the long list of guests, the Special will feature regular picture program, who fits in well in the traditional floral shirt. Young Roberts has definitely found a place for himself on the show building a strong following among young and old. Joining him on the show will be his lovely wife, Patti, and the beach-loving World Action Singers.

The schedule calls for the show to be taped in three principal locations: the scenic beach of Waikiki, the picturesque Paradise Park and Haku Gardens, and the world-famous Punchbowl.

historic and romantic roads in the United States, along which the "Kaintucks" marched to help Andrew Jackson win the battle of New Orleans. Another is the Jackson Road from Nashville to the shores of Lake Ponchartrain, and the famed Robinson Road, one of the toughest engineering feats ever accomplished without the help of modern machinery. There is the first and only President of the Confederate States of America, born and raised in Mississippi, and one of the South's greatest legislators. And to top off the list there was Hurricane Camille, the fiercest and most destructive storm ever to hit the United States, whose anniversary we will observe very soon.

Yes, Mississippi is an outstanding state; but she has one weakness: many of her people know too little about her illustrious past. The local library is full of fascinating accounts of the great historical moments which have made the state an entity of which to be very proud. Read and learn!

Justice of the Peace
Beat 1

To The Voters of Beat 1
Hancock County

I wish to express my sincere thanks for the vote of confidence you gave me in the First Primary Election.

I would also like to congratulate my opponents on having run a clean campaign.

At this time, I would like to let the people of Pearllington know that I intend to be in Pearllington two days a week to assist them in any way that I can. I also intend to hold court in the Community Center on all cases that occur in Pearllington.

I would also like to consult with as many people as possible in each Community in Beat 1, on whatever problems they might have, and what solutions we can come up with to alleviate them.

Won't you please help elect a young, educated and dedicated man to this important office.

HANCOCK COUNTY!!

BY

Russell J. Elliott

The votes you cast for me in the first Primary were greatly appreciated and since the second primary will be on August 24, I am asking you, who voted for me and those who saw fit to vote for others, to please back me 100 percent and vote for me to work for YOU and Hancock County as your Supervisor of Beat 5.

See the county as it is today, in comparison before and right after Camille. I know you will agree it is better than ever with the contract ready to build the Beach Road, without any cost to the county, as soon as some few return their signed easements.

The young people have the Industrial Arts or Trade School to attend if they want or to further their education in one of our Junior Colleges and be prepared to accept industrial positions right here in OUR county.

Hancock County has moved forward and I will continue working with efforts in all directions to further the future progress. You have seen I am capable of having the knowledge of know-how in and after emergency conditions, or regular times having the knowledge and know-how to speak up for our county (representing our entire county) whether it is here, in the Court House, the Legislature at Jackson or addressing the Congress of the United States in Washington, D.C. The ability to talk is necessary to rate Hancock County first in its proper place among the Gulf Coast in industry, roads, recreation, environment, and to make it a county to be proud to live in and be a part of, as our neighboring counties.

Bring your milk in Pure-Pak half-gallon cartons and you can store as much as 50% more than with milk in glass or plastic bottles. In a camper or other outdoor icebox where every inch counts, that can mean a lot.

When the milk is gone, cartons are ideal as neat, sanitary containers for cooking grease or other camping garbage. They can be crushed to take up less room in the park trash barrel. With kids running around the campsite barefoot all day, paper cartons eliminate the worry of broken glass. And they are biodegradable — they burn "cleanly" or ultimately decompose to substances natural to the environment.

Lively Cereal Breakfast

Not long ago the rooster's crow often heralded morning. Now it's more likely an alarm clock that wakes us. Other things have changed, too — breakfast, for instance. It's lighter as a rule, and easier and faster to prepare, as in Fruit Spangled Cereal — a colorful combination of extra protein Life cereal, fresh pears, strawberries and ice cream.

This good tasting oat cereal contains an added amount of important protein. There are 5.1 grams in a one-ounce serving (2/3 cup) of this cereal. A one-ounce serving also supplies 100% of the minimum daily requirements for thiamine, riboflavin and niacin, plus 15% of the daily iron requirement.

A breakfast of fruit or juice, cereal and milk, bread and spread plus milk to drink starts the day right. Serve Fruit Spangled Cereal with cinnamon toast, milk and coffee, then see for yourself!

FRUIT SPANGLED CEREAL

Makes 4 servings

2-3/4 cups Quaker Life cereal 1-1/2 cups fresh strawberry slices

1-1/2 cups fresh pears, sliced Vanilla Ice Cream

In a tall glass or cereal bowl alternate layers of Life cereal, pears, strawberries and ice cream. Garnish each serving with a thin pear slice and a strawberry.

On August 8th, I left for active duty with the Mississippi National Guard and will not return until Aug. 22. However, my unit has decided to let me come home two or three days a week to continue my campaign until that date. This will still make it difficult for me to see everyone personally, for it is only 2 more weeks before the election. Under the circumstances, I'm sure you will understand if I don't get to see you, and I hope you will consider me as your choice for State Representative.

Since I will not be able to defend myself on any issues that may arise, I wish you would consider them carefully. You know that rumors are designed for the purpose of hurting the opposition.

Anyone wanting to help in my campaign may contact Mr. Bob Myers — 467-0450, Mrs. Clayton Adam — 467-5176, or Mrs. Earl "Buck" Ladner — 467-6808.

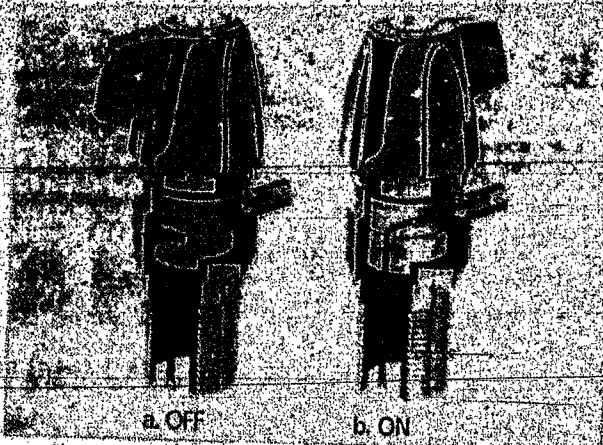

Thank you for your consideration and tireless effort in the first primary.

Aggravation caused by dripping faucets that hike water bills has been ended for homeowners by a new faucet that looks like any other two-handle faucet, but is trouble-free, maintenance-free and drip-free. Delta Faucet Company engineers have come up with a new valve unit that eliminates the most troublesome part of the faucet — the compression washer. They perfected the Delex rotary cylinder valve design that does away with metal, doesn't need compression or compression washers and has no stem threads to wear out, no washers to crush, tear or replace. They've used modern "space age" materials, including Teflon to eliminate friction. Get details from your local plumber or plumbing contractor/supplier.

The Payroll Savings Plan is for people who hate to think about saving.

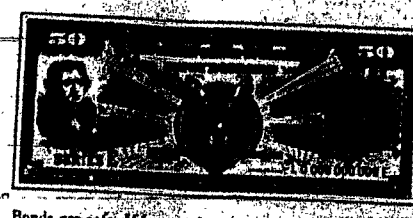

If you're one of those people who needs to save but doesn't like to think about it, the Payroll Savings Plan is a perfect solution to your problem.

You only have to think about saving once and that's when you join.

After that, money is added to your savings every payday. Whether you remember or not.

While you're thinking about other things, your money will be adding up faster than ever before. Now there's a bonus interest rate on all U.S. Savings Bonds. E Bonds now pay 5 1/4% when held to a maturity of 5 years, 10 months (4 1/2% the first year). That extra 1/2% is payable as a bonus at maturity. Food Mill Speeds Feeding of Infants

The one way to serve babies natural unseasoned baby foods without additives is to prepare them at home. An indispensable utensil for straining the foods is a Foley food mill. It takes the work out of straining and mashing fruits and vegetables and is ideal for foods such as cooked egg yolk and chicken livers.

In cooking vegetables for baby, it is particularly important to preserve all the natural vitamins and minerals. Scrub and rinse, but do not peel, vegetables. Cut vegetables into small pieces and cook in the barest amount of water in the shortest possible time, until soft and water is absorbed. Strain through a food mill. Do not add salt or other seasonings.

Almost any vegetable is suitable for pureeing. Spinach, however, because of its lack of bulk and its slippery texture, is easier if it is strained along with another vegetable such as potato.

For homemade applesauce, wash apples; don't peel or core them. Cut them into 8ths and place in a small heavy saucepan. Add a small amount of water (about 2 tablespoons for 2 medium apples). Cover and cook over medium heat about 5 to 10 minutes or until apples are soft. Strain through a food mill. Do not add sugar. Two medium apples make about 1/4 cup applesauce.

Always In Touch

This fellow is a doctor, a member of a hospital's cardiac arrest team. Emergencies don't wait for him to complete his game. The heart specialist has to be on call, so he's wearing the "Wiggler" on his belt. That's an exclusive new radio paging product by Bell & Howell Communications Co. The tiny paging unit vibrates noiselessly but insistently when the hospital dials the doctor's number — and that's his signal to rush back.

Turtle Derby

Riding turtles, feeding seals and playing with porpoises are all in the days fun at Marine Life on the Mississippi Gulf Coast. Marine Life is the world's largest covered oceanarium with six exciting shows each day to delight kids and grownups alike. Hundreds of different forms of exotic sea life can be viewed through picture windows of the vast tanks.

Other family attractions on "America's Riviera" include a Deer Ranch, animal shows, Old West "Shoot outs," tour trains, amusement park plus all the usual fun of a seashore resort.

The Mississippi Gulf Coast is easy to reach with all major highways now four-lane.

Social Security News

Have you ever checked with your social security office to be sure that all of your earnings have been properly reported to your employer?

It's a good idea to check your record from time to time to make sure your earnings have been reported correctly. This is especially true if you change jobs frequently.

You can call the social security office, the phone number is 554-2022 and ask for a post card form to send to the Social Security Administration headquarters in Baltimore, Maryland, to check on your earnings to make sure they have all been reported.

Your employer is required to give you a form showing the amount of your earnings that count for social security. He has this at the end of each year (or when you stop working for him — if it is before the end of the year).

These receipts, usually Form W-2, can help you check

there is an error in the amount of earnings reported on your social security record. You should also keep a record of self-employment income you have reported.

If your records do not agree with the statement of earnings you receive, get in touch with the social security office promptly so that any differences can be cleared up. Bring with you the receipts your employer gave you or any other proof you have of the earnings not shown on the statement.

The time in which corrections can be made is limited by law. Unless you report an error within 3 years, 3 months, and 15 days after the period covered by the report, correction of the error may not be possible.

Remember, call your social security office to request the post card form to check your earnings or to report that your records do not agree with the statement of earnings you received. The Social Security Office is located at 1022-2nd Avenue in Gulfport and the phone number is 554-2022.

THANK YOU VERY MUCH

I am deeply grateful for the wonderful vote and support that you gave me in the first primary in the race for Sheriff.

I received 3231 votes and the second place candidate received 2526 votes, which gave me a 705 majority over my second primary opponent. This is one of the largest vote majorities ever received by a Sheriff candidate in the first primary.

The large vote that I received was a vote of confidence and an expression of approval of the way I treated the people when I served them as Sheriff in the past. It is also an expression of their desire for me to be their next Sheriff.

I thank those of you who voted for and donated your time and help in my behalf.

I also sincerely appreciate the people who supported other candidates in the first primary who have not offered their support in my behalf. I wish to express my appreciation to all of the election commissioners who labored so long and tirelessly and did such a fine job.

In the first primary I did not take part in the race of any other candidate and the second primary I want it known that I am running my race only, and that I will not become involved in any other race.

The first primary was only the halfway mark and I urge my friends and supporters to continue their hard work which will insure my election on August 24th, as your next Sheriff.

ELECT Oscar Peterson

Supervisor, District No. 3 Hancock County

TO THE VOTERS OF HANCOCK COUNTY:

I wish to take this opportunity to thank everyone who supported me and was in any way responsible for helping me get into the second primary.

It is with a deep sense of gratitude that I again ask your support in the second primary. I also earnestly solicit the votes of those who saw fit to vote for any of the defeated candidates. All of my opponents were very worthy people, and I feel that they can tell you in all sincerity that I ran my campaign on a high plane. I intend to do the same thing in the second primary.

To those people who might be inclined to vote against a candidate because someone you dislike may be supporting him, I say to you that all of us should lay aside such a method of determining the person for whom we should vote. We should all look at the matter in terms of what is for the best interest of HANCOCK COUNTY.

From a practical standpoint, we all realize that somewhere along the line in the past, we have sometimes been faced with a choice of who is the lesser of two evils. This is a regrettable type of thing that should never be. We should be faced with a situation of having two good people to a race and having a choice between the better of the two. It is my sincere belief that we now have such a choice. I was very proud of the fact that the people of this county put into the second primary some very fine and able candidates, even though there were some good substantial people eliminated in the first primary. I do hope that the defeated candidates realize that we all can't be winners and that they will help me to make wise choices in the second primary.

As we all know, many candidates have platforms and after elections those platforms sometimes crumble like match sticks and a lot of resolutions go down the drain. I can assure you that the planks in my platform are not a bunch of match sticks and that I shall exert every effort to bring to reality those things that you and I know need to be done.

The very first thing that I consider a must and which should really be done immediately is to repair the BEACH ROAD. Two years have now elapsed and it still has not been repaired. I believe that we have had more than ample time. Even if I have to drive a dump truck myself or drive a motor patrol to get this job done, then I shall be happy to do it.

I intend to work with the city of Bay St. Louis and our State and Federal agencies to accomplish this program. The reason that I think this is so important is the fact that some very fine business people have suffered terribly and are now in a hard time holding on to what assets they had left after the ravages of Hurricane Camille. The beach is also a wonderful drawing card for our greatest industry which is tourism. The lack of access to our beaches has no doubt cost thousands of dollars in lost business to our county.

Even though I am not in the field of education and don't profess to be an educator, I do see a dire need for the proper testing of our youth. I believe that aptitude tests should be stressed and promoted in our schools. It has been estimated that seventy (70) percent of the people in this county never get into the occupation or profession to which they are best suited. This is a waste of our Creator's most precious gift — the brain and manpower of our county. All of us would be more productive in the final analysis if we found out at an early age what our capabilities are and through education developed our capabilities. Let's quit wasting our youth and give them good aptitude tests and good educational facilities. For those who are not college material, let us work towards providing them with good vocational training.

It is my opinion and firm belief that with good public officials we can promote efficient and honest government that will attract business and industry. Certainly interested investors will look at the political atmosphere of a prospective location and the tax structure. No one wants to be taxed to death. I believe that our county has sufficient funds coming in each year to operate efficiently and without any further taxes in taxes. Wise spending of what we have will get the job done.

Once we attract business and industry, then our children will not have to leave our county and state to seek employment. Our citizens have just as much intelligence and ability as those from any other section of the state or nation. Given proper guidance, education, and an opportunity to progress, I think they can hold their own with anybody. I have faith in our people.

As I have stated in previous ads, I strongly believe in

building good hard-surfaced roads. One of the roads are hard-surfaced, the maintenance costs will drop a minimum. If elected, I fully intend to promote a policy of allocating a given percentage of road and bridge funds to that road project that will one day result in all roads being hard-surfaced.

I have also stated that I intend working with the legislators, and I feel that all supervisors should since they are a whole exert a great deal of influence in this state. I favor a uniform tax on automobiles. From a stand point of fairness and justice, all automobiles of a like model should be taxed the same amount regardless of where it is located in the state. As it now stands, the amount of tax on a given automobile is different in the various counties because of a different millage applied to a statewide assessment on automobiles.

I also favor more aid to the aged. Legislation has taken away the savings of many elderly people, and the cost of living has skyrocketed so that people on fixed incomes have to struggle for an existence. I think that we now have far too many state agencies and that by streamlining our state government, we can have more funds available to help the aged and underprivileged without any raise in taxes.

The fact that I am running for the office of supervisor does not necessarily limit me to road and county finance. These things are of prime importance. However, I think that a supervisor should certainly try to influence the legislature in matters which affect his people.

I have noticed in the past that sometimes supervisors have a tendency to overstep in the early part of the year when most taxes are collected. This, of course, leaves them short during the balance of the year. This is something that should never be. A supervisor should divide his anticipated revenues so that he will have sufficient funds to carry him the entire year.

I think that public officials should operate on a sound and realistic budget and stick to it. A budget is just another piece of paper if it doesn't mean we even bother with it.

I stand for equalization of tax rolls. In a fair and impartial manner. No one likes to pay taxes, but this is something we all must do. This unpleasant task is perhaps made a little more bearable when we know that our neighbor is paying his just and proportionate amount and bearing his share of the load.

It seems to me that there has to be a limit on Federal, State, and local taxes. The public has had about all of the taxation it can stand. It is now time to bring our present runaway tax trend to a halt. Only a stable government can do this. Political debts and favors should never be at the expense of the taxpayers.

Summarizing the foregoing, I would like to briefly point out that I am for the following:

1. Immediate repair of the beach road.
2. Promotion of the tourist industry.
3. Promotion of proper aptitude tests and good educational facilities for our youth.
4. Promotion of business and industry.
5. Hard-surfacing of all roads in the county as a long range program.
6. Allocation of a given percentage of all road and bridge funds each year to a fund for hard-surfacing all roads in Hancock County.
7. Imposing the same tax on all automobiles of a like model and make throughout the state.
8. Equalization of tax rolls.
9. Proper budget controls and a sound fiscal policy.
10. The creation of a good political atmosphere that will make outside people sit up and take notice and one that will make our own citizens proud of their public officials.

I believe that the results of the election of August 2, 1971, which is the day of a new day for our county, I sincerely hope that the results of the second primary on August 24th will fill that day with enthusiasm and that all our citizens will look forward to a greater and better Hancock County that will ultimately bring peace, happiness, and prosperity to all of its citizens.

Respectfully Submitted,

Oscar J. Peterson

SPACE and AERONAUTICS

OUT OF THE FOG

WASHINGTON — Motorists, and that includes cyclists, may get an assist soon from the most unlikely source — the astronauts.

The same compound used to prevent fogging on the astronauts' helmet visors should do the same for automobile windshields and even visors used by motorcyclists.

As a matter of fact, the potential for this compound is so broad that SOUBA divers, frequently annoyed by lens fogging on their headgear, can apply this compound and explore the underwater domain in a fog-free state.

This newly developed compound was used in "space flight" for the first time by the Apollo 15 astronauts.

The National Aeronautics and Space Administration has applied for a patent on the composition and will grant non-exclusive, royalty-free licenses for its commercial use. So it will find its way to the general public through many other space developments now on the consumer market.

Research leading to the formula was prompted by the fogging of astronaut Eugene Cernan's visor during the flight of Gemini IX (June 1966) which prevented a part of the tests planned for his "space walk".

Through Apollo 14, the astronauts used a substance which fogged up in about 30 minutes when their helmets were cold below the dew-point of their breath.

While the new, inexpensive compound was developed for the specialized conditions of space flight, it is expected that its usefulness can be considerably broader — on automobile windshields, for example, and for motorcycle, diving and firemen's helmet visors. It is also effective on plastic, aluminum and other reflective surfaces — in fact, virtually any surface where it is desired to maintain a fog-free state.

Because in space flight use it had to be non-flammable in a pure oxygen atmosphere, it is safe for use in a wide range of hazardous environments. (Variants may be used where the hazards are smaller.)

The coating is prepared from a copolymer of 35 parts commercial liquid detergent, five parts deionized water, and four parts silicone-based oil. The components are combined and agitated until the mixture is completely emulsified.

The thin coatings are applied to the transparent surface. Once dried, the surface remains coated with a thin, free cloth at the needs of

Golden Touch of Hospitality
 BY JANE ASHLEY
 Glaze Guards Fresh Flavor
 A clear glaze made by sweetening the fruit's own juice and thickening it with corn starch is one of the best ways to seal in the tree ripened flavor of fresh peaches.
 The glazing for glazed pies is top-of-the-stove cooking which is such a boon in hot weather. Bake the crust early in the day to have it ready to fill and chill. The glaze itself calls for just two minutes of cooking. Peaches are ideal for this type of pie.
 Glazed Peach Pie
 1 (9-inch) baked pastry shell
 3 pounds fresh peaches, peeled and sliced
 1 to 1 1/2 cups sugar, depending on the ripeness of the fruit
 3/2 tablespoons corn starch
 1/2 cup water
 Whipped Cream
 Mash about 1/2 of the peaches. Mix sugar and corn starch in saucepan. Add water and mashed peaches. Cook over medium heat, stirring constantly, until mixture comes to boil and boils 2 minutes. Remove from heat. Cool. Fold in remaining sliced peaches. Fill into pastry shell. Chill. Serve with whipped cream. Makes 6 to 8 servings.
 Note: To make Glazed Strawberry Pie, use 3 pounds of washed and hulled strawberries for 3 pounds of peaches. (mash peaches). Add a few drops of red food coloring after removing mixture from heat.

THE OPOSSUM - The opossum is a most interesting little animal. The mother opossum carries her babies on her back. There is very little hair on her body, and therefore her babies would normally have nothing to hold on to when she carries them. The mother opossum has been taught a little trick where by she curls her long stiff tail up over her back to her head. The babies jump up on each side of her back and curl their tails around her tail. In this way there may be four or five babies hanging securely on each side of

the mother's body. Those on one side counterbalance the weight of those on the other side.

CREATIVE CRAFT IDEAS

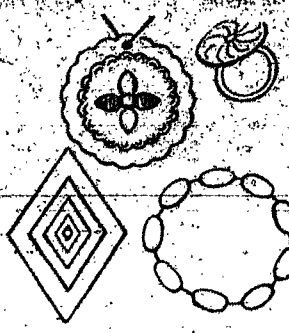

Play Clay Jewelry

Play clay may be used to make real jewelry. Play clay is a mixture made from basic household supplies — corn starch and baking soda. Cook it, then roll and cut or shape it into pins, pendants, rings, earrings or beads. Play clay hardens when left to dry. Finish it by painting on delightful colors and designs. Then wear it as creative jewelry.

To make play clay, first stir together thoroughly 1 cup Argo corn starch and 2 cups baking soda (a 1-pound package) in a large sauce pan. Stir in 1 1/2 cups cool water until mixture is smooth. Over medium heat, cook, stirring constantly until mixture thickens completely and resembles slightly moist mashed potatoes. Turn out onto a plate or in a pan. Cover with a damp cloth until play clay is cool enough to handle.

When cool, knead play clay for a smooth mixture. It's now ready to be formed into creative jewelry. For pins, earrings or pendants, pat and flatten mixture with hands into the basic shape desired. Play clay may also be rolled out with a rolling pin to about a 1/4 inch thickness. Cut into shapes desired with a knife following a paper pattern or with a cookie cutter. For pendants, make a hole in play clay for stringing later when it is dry. For pins and earrings, a clip or fastening can be glued on when completely dry.

Add interest and texture to play clay jewelry by adding bits of the mixture to the basic shape. Moisten pieces first before pressing together. Objects may be pressed into the play clay before it hardens. Try using sequins or cloves.

To make rings from the play clay mixture, roll a bit of the clay into a circle shape and press into a finger size circle of coated wire. Let rings dry completely, then paint on designs. Another way to make rings is to roll out the play clay and cut into strips to circle around a finger.

For beads, shape play clay into balls or ovals. Make a hole through each bead with a long pin or wire for later stringing.

For a professional look on all play clay jewelry, coat with shellac or spray on a clear plastic finish. In addition to giving a glossy look, the coating will add protection.

Dear Mr. Phillips:

I would like to take this opportunity to thank you for your efforts on behalf of Mississippi teachers in the recently concluded legislative session. I was especially pleased at the emphasis placed on the Junior College program in the state. Evidently you believe as I do, that the Junior College is a vital part of our educational program and will become more important as time passes.

Sincerely,
Jim Barnes

Dear Mr. Phillips:

I wish to express to you the appreciation of the Board of Trustees, Administration, faculty, students, parents of students, and friends of Pearl River Junior College for your vote and support for Junior College Appropriation Bills during the past Legislative Session. We did not receive all the assistance we need but we are fully aware that other state institutions have many needs also. The passage of these pieces of legislation by the House of Representatives and the Senate will provide greater opportunities for our people in this Junior College District to pursue a post secondary education. This legislation will enable us this next year to improve our physical facilities, increase the faculty salary slightly, and secure more instructional equipment and supplies. The additional financial resources will be used wisely by the Board of Trustees of this institution for the interest of the students.

I enjoyed becoming better acquainted with you during the past few months. I hope you have a most enjoyable and profitable summer and fall. I trust that you will plan to visit Pearl River Junior College in the near future.

Thank you for a job well done.

Sincerely yours,
M. R. White

Dear Mr. Phillips,

Today I signed a contract which included a full 1,000 increase in salary. I would like to express to you both my personal gratitude and the gratitude of the association which I represent for making this possible. We have been very proud and quite proud of the role which you have played in the important position which you hold on the "Bay and Means" committee. You have gained considerable recognition for your ability to be successful in the legislative process and for using this ability in our interest we thank you.

I need not tell you the tremendous morale effect this milestone has made on the teachers of Mississippi or of the effect that it will have in providing top quality teachers for Mississippi schools.

The struggle for better education is, however, a continuous one. We ask for your continued leadership and pledge to you our constant support.

Again, our most sincere "thank you".

Respectfully yours,
Bill Terry
